Parent and clinical consultant in the field of intellectual and developmental disabilities since 1998, Shawn McGill will present an all-day workshop that addresses how we can best support persons on the spectrum to understand and safely express their sexuality. This comprehensive and unique training increases one's knowledge and awareness on how to best prepare your child for puberty, and how to best support them in navigating the many aspects of sexuality. Throughout the day you will learn educational and supportive methods to explain sexual feelings and body changes and to teach about legal and safe sexual expression.
