

# WHAT DID YOU DO LAST WEEKEND?

If you would like to join a COED social group and to learn more about a way to gain life skills, leadership and do service projects while having fun with friends join Venturing! ABOARD is working with the Boy Scouts of America to connect our individuals with Autism to the great resource they have.

## Venturing

Venturing is a youth development program of the Boy Scouts of America for young men and women who are 14 years of age or 13 years of age and have completed the eighth grade through adulthood! Venturing's purpose is to provide positive experiences to help young people mature and to prepare them to become responsible and caring adults.
